

## **Concrete Building Safety Program**

Stakeholder Working Group Meeting #3

January 12, 2023

11:00 a.m. to 1:00 p.m., via Zoom

---

### **Meeting Objectives**

1. Members understand the major non-ductile concrete (NDC) safety issues.
2. Members understand which concrete buildings the City proposes to be in and out of its program. The City receives feedback from members on its draft proposal.
3. Members understand how the City is approaching concrete retrofit levels. The City receives feedback from members about its approach.

---

### **Meeting Agenda**

#### **1. Welcome, Previous Meeting Recap & Agenda Overview (10 min)**

#### **2. Non-Ductile Concrete (NDC) Buildings 101 (20 min)**

*Introduction to the primary characteristics of NDC buildings and their major safety issues.*
